

WHERE VOTERS GO TO REGISTER

Complete List Is Furnished by the County Clerk.

INSTRUCTIONS FOR AGENTS

RULES LAID DOWN BY LAW FOR THEIR OBSERVANCE.

A circular letter of instructions to registry agents was sent out yesterday by County Clerk John James. In conjunction with it Deputy County Clerk J. U. Eldredge, jr., issued a list of the registration agents. It includes the location of the places where men and women are expected to register on specified dates if they intend to vote at the coming election.

After citing the fact that the "registration laws under the revised statutes of 1897 are in force and effect, the circular letter of County Clerk James says:

"Your attention is invited to the fact that Salt Lake City is one precinct for election purposes. Any elector registered in one district within the precinct of Salt Lake City, who may move prior to the day of election into another election district within said precinct or city, may, at his own request, have his name erased from the official register of the district wherein he is registered, and obtain from the registry agent of that district a transfer certificate which shall entitle him to registration in any election district within the precinct of Salt Lake City."

Instructions to All Agents.

Then comes the following ten instructions to all registry agents, being intended as a guide to the performance of their ante-election duties:

"First—You will receive a copy of the election law of the state of Utah, and this must be followed in all cases. When in doubt always refer to the law and use it as a guide. If there are any questions arising which you cannot solve, or if you are in doubt, refer the matter to this office.

"Second—On or before Oct. 2, A. D. 1903, you must post in five (5) conspicuous places within your district not less than five (5) notices of registration, the forms of which are provided. Each of the notices so posted must be signed by you in the blanks intended therefor.

"Third—Not later than Thursday, Oct. 23, you must post notices in at least five (5) conspicuous places within your district, stating the date and place of election, and the hours which polls will be open. You will be provided with forms of such notices by this office.

"Fourth—Tuesday, Oct. 13, and Tuesday, Oct. 27, 1903, between the hours of 8 o'clock a. m. and 9 o'clock p. m., you will receive and register at your office, which must be within your district, the names of all persons legally qualified and entitled to vote at the said municipal election.

"Fifth—Immediately after Tuesday, Oct. 13, A. D. 1903, and within three (3) days, you must prepare and post in five (5) conspicuous places within your district, a complete and true list of all the names on your official register for your district, alphabetically arranged, according to surnames, with the places of residence, verified by your oath upon the back of the register and post your district, leaving it there until the close of registration, on Tuesday, the 27th day of October, A. D. 1903.

"Sixth—After the close of registration you must, with all reasonable dispatch, prepare and cause to be made a complete and correct copy of the names on your official register, alphabetically, commencing with the surname of each elector, giving the residence of each, and certify to the same and post the same in five (5) conspicuous places within two hundred (200) feet of the polling place for your district. This list must be posted within three (3) days after the close of registration and remain posted until polls are closed on election day.

"Seventh—Upon this posted list you must give notice that you will receive objections to the list of persons so registered between the hours of 6 o'clock p. m. and 9 o'clock p. m. on Saturday, the 31st day of October, A. D. 1903. Such objections must be made only by a qualified elector in writing, duly verified, setting forth ground of objection. Said notices must also request persons whose names may be erroneously entered in said lists to apply to the proper registry agent at the time above designated, and have such errors corrected. This office will provide you with a form of such notice.

"Eighth—You must prepare and deliver personally to one of the judges of election in your district a full, true and correct copy of the official register, verified by your oath, not later than 12 o'clock m. on Monday, Nov. 2, A. D. 1903.

"Ninth—Not later than Saturday, Oct. 31, you must post in some conspicuous place or places, within your district, a printed list, which will be furnished you by the county clerk, containing the name and party of each candidate nominated to be voted for at said election, one or more of which must be posted at the polling place in your district. Two copies of such list (sample ballot) will be forwarded to you by the county clerk.

"Tenth—Carefully preserve all af-

fidavits and certificates taken by you and keep the same with all papers, books, etc., used or unused, as you are the custodian thereof."

ABDUCTION IS CHARGED.

Pocatello Woman Causes Arrest of Two Commercial Street Denizens.

Madre Daniels and May Alberts were arrested yesterday afternoon, charged with abducting a female for immoral purposes. The women claim that the girl, whose name is Bessie Johnson, came to their house on Commercial street without any invitation from them and represented herself as being alone in the city without any place to stay. Consequently they let her remain at their house until such time as they thought that she could find employment or go elsewhere.

The girl claims to be 17 years old, but looks older. She says she came to this city from Pocatello about a month ago. She has not been working anywhere.

The complaint was sworn out by her mother, who is at present in Salt Lake. Another complaint was sworn out by the mother against the daughter, charging her with incorrigibility, because, as she says, she has not been able to do anything with the girl for some time past. Both cases were heard by Judge Diehl yesterday and the defendants were bound over until Oct. 13.
